**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

1. Claim 22 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
2. Regarding claim 22, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).
3. Regarding claim 22, it is unclear what the "other melts suitable for producing fertilizer product" besides the exemplary compounds listed.

***Allowable Subject Matter***

4. Claims 12-21 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: Jones appears to be the closest prior art. Jones lacks an emulsifying means in the nozzle and does not create a gas spout above the spraying device, neither of which would have been obvious from the prior art.
